PARTYOF2.

WHO WE ARE

Evolution in comfort, design, craftsmanship and performance

Born in the Italian fashion manufacturing region of Emilia Romagna, Partyof2 is a technical performance riding outerwear company with a relentless commitment to quality and attention to detail.

Our driving purpose is to create apparel that gives users the unique feeling of performing with the greatest comfort, yet at the same time, looking refined.

Named after the core of equestrian sports: a Partyof2, a team made of a rider and a horse, whose combined performance is what truly makes the sport unique.

WHAT WE DO

We research and develop very specialized textiles, because any product is only as good as the strength of its components.

We study the correct fitting, because Partyof2 garments are tailored to suit their intended use.

We test the products with top international riders in real sporting conditions: their feedback leads us to the perfection of construction methods and technical details.

It is only at this point, after establishing the correct balance between athletic fit and performance fabric, that we design an entire collection around a specific model.

PARTYOF2 COLLECTIONS

Displayed and praised at major equestrian events worldwide, created on our models and manufactured in a wide range of classical or contemporary colors.

Our unique ready-to-wear styles are available for you now at www.partyof2.it

Each of our collections is created on one specific model, for example:

The Thoroughbred Collection is based on The Classic Jacket model (see page 18).

The World Cup Jumping Collection is designed based on The Hooded Jacket model (see page 20).

This way you'll immediately know which model you prefer after buying one piece of our collection, and having tested it carefully and washed it several times to check its durability, you can then decide to design your own style based on this exact model.

Explore our webpage and get your favourite garment within two to three working days.

YOUR PRIVATE LABEL

With so many riders appreciating our expert fusion of craftsmanship, technology and design our consequent mandate is to push the boundaries of our collections and deliver a complete custom-made solution.

Based on our unrivaled models, your private label collection will be constructed with colors, embroideries and looks that reflect and enhance your team's unique spirit.

Each of our garments are carefully handmade, this is why **no minimum quantity** is required to manufacture your order.

Your equestrian team can now train in maximum comfort and with the precise image that you wish to endorse - your image!

CORPORATE CUSTOMERS

Professional, responsible and successful companies want to provide their riders' team with a comfortable, durable and stylish garment which reflects 100% the company's value. As Italian manufacturers of high quality collections for riding, we are proud to be partners with some of the best companies in the equestrian business worldwide, who choose Partyof2 as the producer of their clothing collections not only because they know how important it is to make their brand and logo visible, but most of all because they want to do this through a truly great product especially developed for riders.

Should you be interested in a corporate collection for your equestrian-related business, please request us for information about our special services and commercial policy dedicated to corporate customers only.

TAILORING

Slim Fit – Our perfect athletic fit. The complex patterns used utilize anatomical shaping to enhance motion and eliminate excess bulk.*

Made-to-Measure – Our special tailoring service dedicated to your particular needs (simply ask us for the form to fill-in so that we can get your exact measurements)*

WHERE WE ARE

We are very proud to design and produce all of our products exclusively in Italy and export them worldwide.

The unparalleled Italian culture for handmade clothing is reflected not only in terms of quality and finishings but, most of all, in the skill of finding exactly the right balance between fabric, styling and fitting. This is why our customers love our products.

HOW LONG DOES IT TAKE?

All custom-made orders are delivered within 60 days after final confirmation.

60 days

*Please go to page 52 for further details.

HOW WE PRODUCE YOUR IDEAS

Our model with your style: based on the different existing models (see pages 18 to 31) you can work out your unique color combination in terms of fabric, embroideries and accessories. See what we have done for some of the best teams from around world and get inspired for your own design (pages 32 to 47).

Use our intuitive online configurator available at: www.unique-equestrian.com
Here you can get an immediate impression of your color combinations in different styles.

You can even upload your logo or add lettering in the font, size, color and position you desire.

You can then ask our design team to help you in finalizing your design with more detailed and sophisticated modifications that you might not be able to do on the configurator. We are at your disposal anytime and free of charge.

If you prefer, you can even send us a quick sketch or a picture and ask our design team to develop a digital version for you. In this way you can see exactly how the garment will look after being produced.

CHAMPIONS TRAIN WITH PARTYOF2.

Olympic rider
Philippe Rozier

Partyof2 Hooded Jacket

"A very good technical garment, perfect for equestrian sports. The shape of the jacket, close to the body, cut long enough to cover your back during jumps and the special attention to the high zip closure to protect you from the wind, makes this clothing so unique for riding. The entire customization possibilities for the product is a big plus, especially the very wide choice of colors available."

Partyof2 Classic Jacket

"I have been training with the Partyof2 Classic Jacket since the brand was born some years ago: its precision fit, breathability, lightness and comfort make this well-designed item truly great for us riders, perfect to be worn on and off the saddle!"

Partyof2 Master Jacket

"The feeling of wearing performance inspired materials, allowing the highest freedom of movement and protecting from the wind, cold and rain combined with the incredible breathability and minimalist lines of the elegant design make this jacket a magnificent product."

PARTYOF2 & SELLERIA EQUIPE

An established international name, Equipe is a 'must have' brand for riders who are looking for excellence in the equestrian sports. Crafted in prized Italian leather and completely Made in Italy, Equipe saddles are well-known for their quality and for innovatively focusing on ergonomics, well-being, lightness and aesthetic.

"When we commissioned Partyof2 we were principally interested in quality, style, uniqueness and customization - the fact that it was also 'Made in Italy' convinced us to work together."

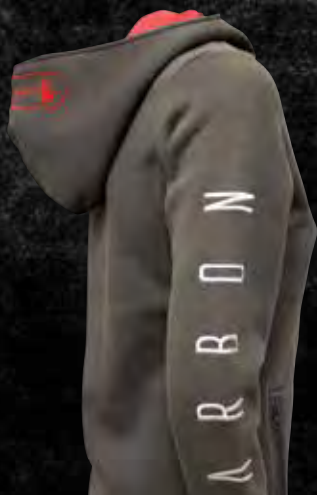

"Customization proposals were very good from the start, and there was a quick understanding of any requested changes, the result of which is a wonderful product!"

"Our expectations of Partyof2 products and services were fully met with particular attention to simplicity and their clear communication and making everything just so easy."

"Post sales service was excellent, or rather, we didn't need post sales as the products didn't have any problems at all... we just reordered!"

"We have already reordered more than once with different products - including the Hooded Jacket and the Master Jacket."

PARTYOF2 & F.LLI FABBRI

F.LLI FABBRI
MADE IN ITALY SINCE 1924

More than luxury,
excellence. Since 1924 the
finest custom boots

“We principally chose
Partyof2 for the
quality of their
products. From the
very beginning our
relationship with
them was excellent.

Their input in terms of product
creation and design suggestions
were also excellent.”

“We were really surprised by the reaction of
our customers, we are currently selling our
Fabbri jacket much more than we ever would
have thought. After our initial order we then
doubled the quantity.”

PARTYOF2 & ONTYTE

ONTYTE™
magnetic stirrup system

Personalize your ride. Maximize your performance and riding pleasure. Get better grip in your stirrups with ONTYTE™, a patented system of non-binding magnetic attraction that keeps your stirrups where you want them. Stay in control, confident & focused

"We introduced a new logo in 2015 and we wanted to add an accessory to our collection to help launch our new brand image. We were looking for something bold, chic and immediately recognizable."

"Partyof2 sells a unique product, designed and made in Italy, and provides outstanding customer service. Our expectations were met, and we immediately established a professional and trusting relationship."

"Partyof2 understood our objectives, submitted creative design proposals, and we were thrilled with the final result. We will definitely be re-ordering from Partyof2."

PARTYOF2 MASTER JACKET

Partyof2 Master Jacket: exceptionally breathable and moisture-resistant for outer protection. Made from fabrics with a high degree of stretchability, it offers unrestricted mobility in addition to the weather-shedding and wind-resistant properties of a tightly woven and smooth outer finish.

Designed to be used during exertion, in conditions that do not require full wet weather protection or significant insulation, it's the perfect stylish outer layer that can, on occasion, be worn as an insulating mid-layer too.

Pursuing perfection in the balance between elegance and performance.

Partyof2 Master Jacket technical features:

- > 4-way stretch fabric
- > Lightweight and very soft
- > Extraordinary freedom of movement
- > Excellent breathability
- > Moderate protection from cold, wind and rain
- > Four pockets with water resistant zippers
- > Central water-resistant double zipper to adjust garment from the top or bottom
- > Half-glove cuff details to maintain the sleeve in place during movement
- > Available in both hooded and classic versions
- > Durable and resistant to frequent machine washings in warm water (30°C)

GET HELP FREE OF CHARGE

You would like to customize one of our riding garments but are not sure about style, colors and design? You know the colors you like but don't know which would be the best position/dimension for your logo? You have your customized item in mind but would like to see a realistic digital version of it?

Simply email us at hello@partyof2.it and ask us to help you. Our designers' team will prepare different proposals for your team's best outfit!

This service is entirely free of charge; in order to offer it only to the truly interested customers, we ask for a deposit of 300.00 Euros which will then be deducted from your order. The deposit gives you the right to get unlimited digital proposals, modified according to your suggestions until you're 100% satisfied.

PLACING YOUR ORDER

We will process your order and assign a guaranteed delivery date upon receipt of the following information:

- > Final style, including design and colors
- > Final quantity and sizes
- > All artwork and logo designs

You will then get a detailed order confirmation: please verify it carefully and once you are sure that everything is correct pay the requested deposit to start the production of your order.

REQUEST FABRIC SWATCHES

Garment photos and color charts in our brochure and on our website may be slightly different from the actual fabric colour, due to print or photographic effects. If you want to check out a fabric swatch and see exactly the color palette, please email us your request at hello@partyof2.it. A deposit of 50.00 Euros is required for this service; the amount will be completely refunded to you as soon as you send us the swatches back.

REQUEST A SPECIAL FABRIC COLOR

Our permanent color palette features a wide range of 28 shades. However, if you require a specific color and can't find it in our selection, we can produce this color for you starting from a Pantone code (international color code), or simply from a garment, an object, or a picture you will send us in the color you wish. We will produce a swatch of the color, send it to you for approval and make new swatches until you get the exact tone of color you want. The cost of this service is 300.00 Euros.

REQUEST A TRY-THE-SIZE COLLECTION

Our size chart (see page 52) shows you exactly which size will fit you according to your personal measures. However, should you wish to receive a series of sizes to try before placing your order, please email us your request at hello@partyof2.it. This service requires a deposit of 100.00 Euros for each size sent, and the deposit will be entirely refunded to you once we receive the items back in good conditions.

CORPORATE CUSTOMERS

Professional, responsible and successful companies want to provide their riders' team with a comfortable, durable and stylish garment which reflects 100% the company values. As Italian manufacturers of high quality collections for riding, we are proud to be partners with some among the best companies in the equestrian business worldwide, who choose Partyof2 as the producer of their private label collections not only because they know how important it is to make their brand and logo visible, but most of all because they want to do this through a truly great item especially developed for riders.

Should you be interested in a private label collection for your equestrian-related business, please request us for more information about our special services and commercial policy dedicated to corporate customers only.

REQUEST A PROTOTYPE COLLECTION

We are proud of the satisfaction all of our customers communicate to us after receiving their custom-made orders, most of all due to the perfect realization of the items according to the approved digital version of the design they had chosen. Our high level graphic files allow you to see exactly how the garment will look after being produced. Should you for any other reason require a prototype of your garment before placing your complete order, please email us your request at hello@partyof2.it. Due to the entirely manual work required, to the cost of the embroidery files not split among the different garments and to the high waste of fabric when cutting only one piece this service has a cost varying from 200.00 to 600.00 Euros, depending on the item required. This cost will not be refunded and the prototype will remain your property.

MADE-TO-MEASURE TAILORING

No size fits all - that's why our extended size chart includes a full series of different sizes for women, men, boys and girls, as you can see on page 52, providing a perfect fit in most of cases.

Should you require more forgiving tailoring (different from the standard guidelines) that don't match with those of the sizes shown on our chart (see page 52), you can email us at hello@partyof2.it and request a made-to-measure form which you can compile with your specific measures. This will allow us to manufacture the item you wish with the perfect fitting for yourself. If your made-to-measure item is part of a bigger custom-made order based on our standard size-chart, the cost of this service has a surcharge of 180.00 Euros. In case your made-to-measure item is the only one you need, please refer to the prototype prices in the paragraph above.

YOUR GUARANTEED DELIVERY DATE

The general delivery time for custom-made Partyof2 garments is between 7 and 8 weeks. This is the technically necessary time to prepare all the fabrics and accessories specifically needed for your order, cut the different parts of each garment, execute the finest embroideries on the cuts where you decided to have an artwork placed, sew the parts together and realize the garments adding the special finishings you required, check them through our accurate quality control, iron them and prepare them for being shipped. We can shorten our production time if you urgently need your items for a specific date or event, please contact us: we will suggest you how to get the order as quickly as possible (for example by changing some details in your design). In rare cases, some exceptions may occur and production can also take longer than usual, due to fabric availability or production capacity for example. As soon as we see your order we are absolutely in a position to guarantee you its delivery date, and of course you can still decide to cancel the order if this date doesn't meet your requirements or modify it according to our suggestions in order to get it in a shorter time.

PAYMENT TERMS

A 50% deposit is required upon confirmation of all custom orders. This may be prepaid with a credit card or bank transfer to Partyof2. Please note that production lead times commence only when we have received the initial 50% deposit. Full payment is required when the order is ready to be shipped.

CREDIT CARDS

In case you choose this payment method, you'll receive a link where you can process the payment. To protect your credit card details we don't store your credit card number, this is why we ask that you re-enter your credit card number for each transaction.

PRICES

Prices payable are those published in the most recent Partyof2 price list at the time of the order, and they are expressed in Euro if not otherwise stated. Prices do not include VAT and duties, which will be added to the amount if applicable according to the current national and international laws.

Request our current price list now by emailing us at: hello@partyof2.it

SHIPPING

If not otherwise requested, your order will be shipped worldwide by DHL carrier and it will be delivered to you in 2 to 5 working days. The shipping cost will correspond to 1% of your order's amount, plus a fix charge of 45.00 Euros for orders shipped in Europe and 95.00 Euros for orders shipped outside Europe. Should you need an express shipping, with a delivery within 24 hours, we will ask DHL carrier to submit you their best offer for this special service according to your order's weight, volume and delivery area.

RETURNS

At Partyof2, we take our product quality and workmanship very seriously. We do our utmost to ensure you get exactly the items you wish. Therefore, if there are any manufacturing defects or style omissions, we will replace your items at our expense. You can request an alteration or a return in the unlikely event there is an error on our part in terms of order execution. Please contact us within 7 days after receiving your order, and we will instruct you on how to proceed with the return shipment.

WASHING RECOMMENDATIONS

Following our product care instructions will help make sure that your gear has a long, interesting life. Washing instructions are printed on a white tag inside our garments. Following our garment instructions will help make sure that your gear has a long, interesting life. In general, washing your gear in cold or warm water with mild powder laundry soap (non-toxic, biodegradable types preferred) and drying it on the line are the best ways to clean Partyof2® products.

CANCELLATION POLICY

To ensure a quick delivery service we put your order into production as quickly as we can. As long as your order is not in production, you can change or cancel it by contacting us.
